(a) Policy objectives.

It is also the policy of the County to provide healthy, satisfying working environments for its employees.

To meet these goals, it is the policy of the County to ensure that its employees are not impaired in their ability to perform assigned duties in a safe, productive and healthy manner; to create a workplace environment free from the adverse effects of alcohol and controlled

substance abuse or misuse; to prohibit the unlawful manufacture, distribution, dispensing, possession or use of alcohol and controlled substances; and to encourage employees to seek professional assistance when personal problems, including alcohol and controlled substance dependency, adversely affect their ability to perform assigned duties.

The purpose of this policy is to assure worker fitness for duty and to protect employees and the public from the risks posed by the use of alcohol and controlled substances. It is also the purpose of this policy to comply with all applicable federal and state regulations governing workplace alcohol and controlled substance abuse programs mandated under the above-noted acts. These acts mandate urine drug testing and breathalyzer alcohol tests for safety-sensitive positions and prevent performance of safety-sensitive functions when there is a positive test result. The federal law has also established standards for the collection and testing of urine and breath specimens, for the reporting of certain drug-related offenses, for protective measures for certain employees tested, for the preservation of confidentiality, and for certain reporting.

(b) Applicability

This policy applies to all County employees and potential employees (applicants), including but not limited to persons who are required to possess a CDL license for the operation of a commercial vehicle and all law enforcement and emergency services personnel.

(3) Delay - any failure to immediately report to the test site to participate in the required testing under this policy.

(d) Policy Administrator

Unless otherwise designated by the County Commission, the designated policy administrator for the County is the Presiding Commissioner, who shall be designated as the controlled substance and alcohol policy administrator.

Any inquiries concerning this policy, its application, its administration, or its interpretation shall be made to the policy administrator.

The policy administrator shall develop all forms necessary to carry out the provisions of this policy, unless the forms are provided under the federal regulations. The forms shall be provided to appropriate persons who are responsible for the implementation and management of this policy.

(e) Alcohol & Controlled Substances Prohibitions

An employee is prohibited from the operation of a commercial motor vehicle and/or from engaging in any work-related functions:

- (1) While consuming alcohol;
- (2) While having a blood alcohol concentration of 0.02 or greater;
- (3) Within four (4) hours of consuming alcohol;
- (4) After refusing to submit to an alcohol test; and
- (5) From consuming alcohol within eight (8) hours after an accident as specified in this policy.

An employee is prohibited from the unauthorized possession of alcohol while on duty and of controlled substances at any time, whether on or off duty.

Any employee convicted of illegal conduct related to controlled substances or alcohol or who fails to report such a conviction to the policy administrator shall be subject to immediate termination from service.

Any employee whose job performance requires the possession of a valid CDL and who loses the CDL for a violation of or as a consequence of the law shall be subject to disciplinary action up to and including termination from service. The employee shall notify the policy administrator and the employee's immediate department head of the loss of the CDL. Failure to notify the policy administrator of the loss of the CDL shall result in immediate termination from service.

(f) Controlled Substance & Alcohol Testing Provisions

Employees subject to this policy shall be subject to controlled substances and alcohol testing including the following types of tests: pre-employment testing; random testing (except as provided herein); reasonable suspicion testing; post-accident testing; return-to-work testing; and follow-up testing to rehabilitation programs.

PRE-EMPLOYMENT TESTING: Pre-employment urine drug and alcohol testing shall be required of all applicants as a condition of the application procedure. Future employment as defined shall be considered as if the application was for original entry into service for purposes of this policy. Receipt of satisfactory test results is required prior to commencement of employment and/or engaging in safety-sensitive functions, and the failure of a controlled substance or alcohol test disqualifies an applicant from appointment to employment for a period of at least 120 days. Evidence of the absence of controlled substances or alcohol

dependency from a Substance Abuse Professional (SAP) and negative controlled substance and alcohol tests shall be required prior to further consideration for any employment, including reports from prior employers upon an employee's written authorization.

REASONABLE SUSPICION TESTING: Reasonable suspicion testing shall be used to determine fitness for duty evaluations, including appropriate urine and/or breath testing when there are objective observable reasons to believe that a controlled substance or alcohol use is adversely affecting an employee's job performance or that the employee has violated this policy. Reasonable suspicion referral for testing shall be made on the basis of documented objective facts and circumstances which are consistent with the effects of substance use. Reasonable suspicion observations and reports can only be made by department head or management personnel who are trained to detect the signs and symptoms of controlled substance and alcohol use and who may reasonably conclude that an employee may be adversely affected or impaired in the employee's work performance due to the use of the controlled substance or alcohol. The observing department head or manager, whether or not the person is the employee's immediate department head, is required to complete the appropriate required documentation concurrently with the observation and consideration to impose reasonable suspicion testing.

Reasonable suspicion testing shall be required and completed whenever possible within two (2) hours of the observation, but in any case no later than before eight (8) hours after the observation for breath alcohol testing and thirty-two (32) hours for controlled substance testing.

POST-ACCIDENT TESTING: Post-accident testing shall be required to test employees after a vehicular accident has occurred in a County vehicle or when any employee is conducting county business. Testing shall include both breath alcohol and urine drug testing of the employee(s).

Post-accident testing shall be required and completed whenever possible within two (2) hours of the accident occurrence, but in any case no later than before eight (8) hours after the accident for breath, alcohol testing and thirty-two (32) hours for controlled substance testing. An employee involved in an accident shall refrain from alcohol consumption for eight (8) hours following the accident.

RANDOM TESTING: Random testing shall be conducted annually on all persons covered by this policy. Random testing shall be unannounced and conducted with unpredictable frequency throughout the year using an established scientifically based selection method. Testing shall be conducted no less frequently than required by federal law and regulations, and in such numbers as is minimally determined under the regulations.

RETURN-TO-WORK TESTING: Return-to-work urine drug and alcohol testing for all employees covered by this policy shall be required for all employees who previously tested positive on a controlled substance or alcohol test. The employee must test negative and be evaluated and released to return to work by an SAP before being permitted to return to work.

FOLLOW UP TESTING: Follow-up testing of employees returning to work shall be required. Employees shall submit to frequent, unannounced random urine drug and breath alcohol testing at least six (6) times in the following twelve (12) months after returning to work. Random testing may be continued for a period of up to sixty (60) months from the employee's return to work date.

Any employee who questions the results of a required urine drug test under this policy may request that an additional test be conducted. The test must be conducted on a split sample that was provided at the same time as the original sample and the test analysis shall be conducted at a different qualified laboratory than where the original test was conducted. All costs for employee requested testing shall be paid by the employee unless the second test invalidates the original test. An employee's request for a re-test must be made to the Medical Review Officer (MRO) within seventy-two (72) hours of the notice to the employee of the initial test result. Requests made after the seventy-two (72) hour limit will only be accepted if the delay was due to documentable facts that were beyond the control of the employee.

The method of collecting, storing, and testing the split sample required under this policy shall be consistent with the procedures established in 49 CFR Part 40.

FAILURE TO TEST: Any employee who fails to submit to the required testing under this policy is considered to have tested positive and shall be subject to all of the consequences that flow related to positive testing.

Any employee ordered to test shall report immediately to the test site upon being ordered to submit to testing. No delay of any type may be granted or taken. Delay in reporting by the employee shall be treated as a refusal to test and shall subject the employee to all of the consequences that flow related to positive testing. Failure to provide a sufficient sample or for providing an adulterated sample shall be considered as a refusal to test and shall subject the employee to all of the consequences that flow related to positive testing.

(g) Testing Controls

ALCOHOL: Federal regulations require breath testing to be done on Evidential Breath Testing devices approved by the National Highway Safety Administration. An initial screening test is conducted first. Any result that is less than 0.02 blood alcohol concentration is considered negative. If the blood alcohol concentration is 0.02 or greater, a second confirmatory test must be conducted. Any employee who's test results report a blood alcohol concentration of 0.02 or greater, shall be removed from service for at least twenty-four (24) hours.

Any employee who is found to have engaged in prohibited alcohol conduct under this policy shall be immediately removed from work-related activity; and the employee shall not be permitted to resume work until the employee is (1) evaluated by an SAP, (2) complies with the rehabilitation contract if such is required, and (3) has tested negative in a follow-up test.

CONTROLLED SUBSTANCES: Controlled substance testing is conducted by analyzing an employee's urine specimen performed at a laboratory certified and monitored by the U.S. Department of Health & Human Services for the following controlled substances:

- (1) Marijuana (THC metabolite)
- (2) Cocaine
- (3) Amphetamines
- (4) Opiates (including heroin)
- (5) Phencyclidine (PCP)

The testing for controlled substances is a two-stage process. First a screening test is conducted. If the test is positive for one or more of the controlled substances, a confirmatory test is conducted for each identified controlled substance. The confirmatory test is a gas chromatography/mass spectrometry (GC/MS) analysis.

Any employee who tests positive on the confirmatory test shall be interviewed by the Department Head or supervisor. The employee shall be immediately removed from work related activity; and the employee shall not be permitted to resume work until the employee is (1) evaluated by an SAP, (2) complies with the rehabilitation contract if such is required, and (3) has tested negative in a follow-up test.

(h) Employment Assessment

An employee who tests positive for the presence of controlled substances or alcohol above the minimum thresholds set forth in the federal regulations shall be evaluated by an SAP. The SAP shall evaluate each employee who tests positive to determine what assistance, if any, the employee needs in resolving problems associated with the controlled substance or alcohol.

Assessment by an SAP does not protect an employee from disciplinary action or guarantee continued employment or reinstatement by the County. The County's disciplinary policy provides guidance to the discipline that may be imposed, unless otherwise stated in this policy.

(i) Rehabilitation Effort

Any employee who is determined to be in need of assistance for a controlled substance or alcohol-related problem under this policy by the SAP may be permitted to enter into a rehabilitation plan approved by the County, provided the employee agrees to adhere to the terms of the rehabilitation contract with the County.

Rehabilitation assistance may only be granted to an employee once while employed by the County. Failure to complete the rehabilitation assistance plan or to adhere to the rehabilitation contract shall be considered a resignation by the employee from employment with the County.

(j) Contractual Support Professionals

The County shall secure a contract with an appropriately certified testing laboratory to conduct the controlled substance testing analysis and reporting required under this policy and under the federal regulations in conformity with the standards established under the federal regulations. The County may contract for the required alcohol testing or may perform the testing using qualified County personnel who utilize appropriate testing equipment.

The County shall engage the services of an independent contractor to serve the County as the MRO properly credential and trained in compliance with the federal regulations, who shall not be an employee of the County. The MRO shall, as a part of the engagement contract, maintain all relevant records and provide the required reports that the County needs to comply with the federal reporting requirements.

The County shall appoint an SAP for the providing of services under this policy and in compliance with the federal regulations

(k) Confidentiality

All records developed and/or acquired pursuant to this policy shall be maintained under strict confidentiality by the County, the testing laboratory, the MRO, and the SAP, when and as applicable. The records shall be maintained separately from other personnel records kept by the County and shall be kept in a secured location with other medical records. Materials shall not be released to others without the written consent of the affected employee, except under provisions provided in the federal regulations, as needed with regard to the rehabilitation contract, in litigation or quasi-judicial and administrative proceedings related to positive test results and/or to matters initiated by an employee.

Any person who breaches the confidentiality provisions of this policy shall be subject to immediate termination from employment and/or from any contractual relationship with the County without recourse.

(l) Disciplinary Issues

Unless otherwise specified in this policy, the County's policies related to disciplinary action shall be followed when imposing discipline for violation of this policy.

The acceptance by an employee of the rehabilitation assistance plan and contract does not serve as a bar to imposing disciplinary action related to violations of this policy.

Any elected official or department head/supervisor that knowingly permits an employee to violate this policy or engage in work activity while consuming alcohol or a

controlled substance or fails to enforce this policy shall be subject to immediate termination from employment.

This policy does not displace any other penalties that may be imposed or be incurred as a result of violation of County policy or state and federal laws, or as provided in the workers' compensation laws.

(m) Coordination with Other Laws Policies

This policy shall be administered in compliance with other federal, state and local laws related to employee health & welfare policies, leave policies, benefit programs and other related policies of the County. In the case of apparent conflicts between this policy, other policies, and applicable laws, the policy administrator shall make the appropriate rulings to resolve the potential conflicts, whenever possible.

In the event that any part of this policy is judicially determined to be in conflict with any law or to be in violation of any law or is rendered ineffective because of some state or federal legislative enactment, that part(s) shall be void, but the remainder of the policy shall remain in effect. Parts that are void or voided shall be replaced as soon as possible so as to maintain the full effect of this policy and/or to bring it into compliance with relevant laws.

(n) Amendments

This policy is subject to amendment by the County from time to time. Amendments that are made shall be provided to employees upon adoption and shall become effective as provided by the policy administrator.

Section 2-4 Health and Safety

All employees shall be responsible for performing work assignments in a safe manner. Prime consideration shall be given to safety in all work situations.

(a) All employees shall:

- (1) Be thoroughly familiar with safety requirements and practices applicable to their respective work assignments including building lockdown procedures;
- (2) Actively observe safety practices, and report unsafe or potentially dangerous conditions and accidents or injuries to their department head immediately per OSHA standards and requirements;

- (4) Refrain from engaging in horseplay, wrestling, hazing of co-workers; and any other unsafe practice under penalty of disciplinary action up to and including dismissal;

(5) Wear protective equipment, use protective devices and wear safety belts in all County vehicles so equipped;

(6) Report to department heads any suspension, revocation or other loss or potential loss of the right to legally drive a motor vehicle if driving a County vehicle is a responsibility or privilege of the job or if the employee is attempting to operate a personal vehicle for County business;

(7) Report to department heads when on medication or under a doctor's care for any reason that could affect their operation of machinery, equipment, or other job duties;

(8) Be properly licensed at the time of employment or assignment to a vehicle (if they are responsible for driving County vehicles) and, upon each license renewal date, must complete driver training or driver performance qualification checks as required by the department before operating County vehicles.

(b) The County will pay for immunizations when approved by the County Commission, however, the Health Department reserves the right to bill the insurance carrier.

(c) For work related injury, the County may retain a physician(s) to perform services for the County. An employee may be directed by his department head to see the retained physician(s) at the expense of the County, and it will be the responsibility of the employee to make any scheduled appointments with the retained physician(s). For charges not covered by Workers' Compensation, the County will pay for the cost of the examination only. Any referral or additional charge outside the examination can be submitted to the employee's health insurance plan, offered by the County, with the employee responsible for any portion not paid by the health plan.

Section 2-5 Applicants and Employees with Disabilities

Assistance shall be available to applicants with disabilities who may require personal assistance to participate in the selection process. Such assistance shall include but not be limited to providing readers for the vision-impaired and written materials for the hearing-impaired.

In determining whether an applicant or employee with a disability shall be accommodated, the following shall apply. The applicant or employee must make a documented request for reasonable accommodation. The Elected Official and department heads, if applicable, shall consult with the disabled individual regarding an appropriate accommodation. If the accommodation does not impose an undue hardship, the accommodation shall be implemented. Assessing the reasonableness of the possible accommodations shall include the following factors:

(1) How well it accommodates the needs of the individual with a disability;

(2) How reliable it is;

(3) Whether it can be made available in a timely manner;

(4) Whether it imposes an undue hardship defined as an action requiring significant difficulty or expense.

Employees and applicants with disabilities shall be afforded a procedure that provides for prompt and equitable solutions to complaints. Employees shall utilize the grievance procedure described in Article 17 of this manual. Applicants shall use the procedure found under the special policy of the County relating to disabilities and the accessibility of services.

Section 2-6 Attitude and Appearance

A friendly and courteous attitude by County employees toward the public and co-workers is required at all times. Similarly, employees are expected to deliver prompt, thorough, and efficient service to consumers to the best of their ability. All employees are required to maintain a neat and clean personal appearance. Each employee shall be subject to specific department rules and regulations concerning proper clothing, personal hygiene, and grooming.

Section 2-7 Uniforms; clothing provisions

The Department will pay for the cost of uniforms for Road & Bridge, 911, and the Health Department as determined by the department heads. The employee will be responsible for the proper care and use of clothing and uniforms.

The Sheriff department is allowed a uniform allotment as permissible in RSMo 57.295. If that is the option chosen by the Commission for uniform allowance, then all items associated with that uniform that specifically identifies Osage County or identifies that person as law enforcement from Osage County, shall be returned to the County upon separation of employment.

Any uniform provided by the County or Department at the County's expense, must be returned upon separation of employment or when rendered unusable.

Section 2-8 Commercial Drivers' License

The law requires employers to make certain that drivers of "commercial vehicles," including certain County vehicles, have the required class of commercial drivers' license for the size and type of vehicle they are required to drive. Depending on the particular job requirements, County employees may be required to possess a special class of license. The State may require a written test covering the class of vehicle operated and the applicable endorsements and restrictions.

Endorsements for hazardous materials, passenger, tank vehicle, double/triple trailer and restrictions for air brakes may also be required. Written testing varies with the class of license and the endorsements and restrictions. The actual driving test must be taken in a vehicle falling in the class applied for.

The County may provide employees with the training and assistance necessary to comply with the licensing requirements. The County may also make available to the employee, a well-maintained vehicle for road testing as well as allow time for the employee to take the test.

Employees shall be required to have and maintain the necessary class of drivers' licenses either at their own expense or with financial assistance of the County as approved by the County Commission.

Section 2-9 County's Right to Search

When the County has reason to believe an employee is violating any policy regarding contraband or controlled substances or other rules, the employee may be asked by the County to submit immediately at any time (including breaks and the meal period) to a search of the person and/or to make the employee's locker, lunch box, briefcase, purse, pockets, wallet, personal belongings, desk, vehicles, or any other receptacle the employee uses or has access to, available for inspection. Entry on to County premises constitutes consent to searches and inspections. Refusal to consent to a search or inspection when requested by the County constitutes insubordination and a violation of County policy which will subject the employee to disciplinary action.

Section 2-10 Driver's License & Driving Record

Employees whose work requires operation of a motor vehicle must present and maintain a valid driver's license and a driving record acceptable to our insurer. Any changes in your driving record must be reported to your department head immediately. Failure to do so may result in disciplinary action, including possible dismissal. All employees who drive County vehicles are subject to a Motor Vehicle & Driver Licensing Division records search.

ARTICLE 3 APPLICATIONS AND APPLICANTS

Section 3-1 Recruitment

Notice of employment opportunities in the County service shall be published by posting announcements on official bulletin boards and in a newspaper in general circulation in the area or region. Notice of all examinations for promotion shall be published by posting and other methods. The announcements shall specify the nature of the work to be performed; the minimum qualifications required for position; the time, place, and manner of making application; the closing date for receiving applications; and other pertinent information. This paragraph shall not apply in those cases where a vacant position is being filled by promoting or transferring a County employee.

Section 3-2 Application

It is recommended that each department ask all applicants to complete an application form. It is required for all departments directly controlled by the County Commission. Applications may require information concerning personal characteristics, education, experience, references, and other pertinent information. All applications shall be signed and the truth of the statements contained therein certified by signature. Proof of education, experience, and other claims may be required as appropriate.

Section 3-3 Disqualification

The appointing authority may refuse to examine an applicant, or, after examination, may disqualify such applicant, remove a name from an eligible list, or refuse to interview an applicant, or may take steps to remove such person already appointed if the applicant or employee:

- (1) Does not meet the preliminary requirements established for the position;
- (2) Tests "positive" to drug tests, is a current user of narcotics or the habitual use of intoxicating liquors to excess;

Applications, whether accepted or rejected, shall not be returned and shall remain on file for three (3) years unless hired.

Section 3-4 Background Checks

The appointing authority shall, at a minimum, conduct employment reference checks, verification of social security number, licenses and/or education, and perform a search of the Missouri Courts for any current or past litigation on each finalist. All new hires, including promotions and job changes, with exposure to purchasing and cash or credit management are subject to a criminal history and a credit background check. This background check policy does not affect or supersede other background checks required by law.

A reported criminal offense conviction and/or a poor credit report will not necessarily disqualify a candidate from employment. For criminal offenses, the nature and seriousness of the offense, the date of the offense, the surrounding circumstances, rehabilitation, the relevance of the offense to the specific position, and whether hiring would expose the public to a risk of harm or loss, may be considered before a final employment decision is reached.

For credit reports, the nature and seriousness of judgment, lien, bankruptcy or delinquency, the date of the offense, the surrounding circumstances and repayment, relevance of the offense to the specific position and whether hiring would expose the public to a risk of harm or loss, may be considered before final employment decision is reached.

The appointing authority will conduct background checks in compliance with the federal Fair Credit Reporting Act (FCRA), the Americans with Disabilities Act (ADA), and all other applicable local, state and federal laws and regulations. An authorization to release information form must be completed and signed by the applicant prior to a background investigation being conducted. If the applicant refuses to complete this release, no offer of employment shall be made. Applicants may request and receive a copy of the findings.

Background check reports shall be maintained in separate, confidential files and retained in accordance with the County's record retention procedures.

Section 3-5 Medical Examinations

Employees must possess the prescribed standard of health and physical fitness necessary to perform the essential functions of their jobs. Medical examinations when required by the appointing authority shall be conducted and may be at the County's expense upon approval by the County Commission and may be required to be conducted by a physician designated by the County. The County shall pay for the cost of the examination only

when payment of said examination has been approved. Any referral or additional charge outside the examination is the employee's responsibility.

Section 3-6 Residence Requirements

It is preferred that all applicants for employment in the County service have a principal place of domicile located within the corporate boundaries of the County, or obtain such within six (6) months following appointment, unless exempted by the appointing authority.

Section 3-7 Proof of U.S. Citizenship and/or Right to Work

Federal regulations require that before becoming employed, all applicants must complete and sign Federal Form I-9, Employment Eligibility Verification form; and, present documents of identity and eligibility to work in the U.S. The County participates in the federal E-Verify Work Authorization Program as required by the US Department of Homeland Security, US Citizenship and Immigration Services. The electronic employment verification process will be strictly adhered to for all new hires in accordance with 48 CFR Part 22.

ARTICLE 4 APPOINTMENTS

Section 4-1 Appointments

Appointments to fill vacancies shall be made from a pool of qualified applicants.

Section 4-2 Appointment authority

Department heads who are elected officials shall be the appointing authority for their respective departments. In such cases where the department head is not an elected official, the County Commission, or their designee (department head) shall be the appointing authority, unless provided otherwise by Missouri law.

Section 4-3 Appointment forms

No duly appointed employee may be placed on the payroll until all appointment forms have been properly signed by the appointing authority and pre-employment forms have been completed and signed by the employee.

Section 4-4 Transfer

A position may be filled by transferring an employee from a position having the same maximum salary rate. Inter-departmental transfers must be approved by the requisitioning department and employee concerned. The relinquishing department may delay the transfer until the beginning of a pay period, but not for a period in excess of two (2) weeks.

Section 4-5 Promotion/Demotion

A position may be filled by selection from qualified employees in another job position. Upon notification of a promotion/demotion, the relinquishing department may delay the promotion/demotion until the beginning of a pay period, but not to exceed two (2) weeks.

ARTICLE 5 INTRODUCTORY & QUALIFYING PERIODS

Section 5-1 Purpose

An introductory working period shall be an integral part of the examination process and shall be utilized for closely observing the employee's work, for securing the most effective adjustment of a new employee or re-hired employee to the position, and for replacing any employee whose performance does not meet the required work standards.

Section 5-2 Duration

All original appointments and re-employment's to full-time and part-time positions shall be tentative and subject to an introductory period of six (6) months.

Any employee who leaves employment for a period of six months or less may be entitled to the same rate of pay and any sick leave previously accumulated within the discretion of the elected official/department head.

Section 5-3 Evaluation and counseling

Department heads shall observe the employee's work performance and shall counsel an introductory employee whose work performance is marginal or inadequate. Employees must be notified in writing of the steps that must be taken to achieve an acceptable level of work performance.

Section 5-4 Extension of introductory period

With the approval of the appointing authority, the original introductory period may be extended beyond the six (6) months if circumstances warrant an extension.

Section 5-5 Termination during introductory period

The department head shall fill out the appropriate personnel action forms when a decision on termination has been made.

ARTICLE 6 COMPENSATION

Section 6-1 Beginning salary

The appointing authority authorizes beginning salary for new hires as approved through the County's budget process.

Section 6-2 Overtime and compensatory time

(a) Department heads may develop methods and procedures to maximize productivity and reduce or avoid the need for overtime. It is the responsibility of each employee to work as efficiently as possible to accomplish job tasks during regularly scheduled work hours. All overtime or arrangements for overtime work shall be approved by the department head in advance. A determining factor in the approval of overtime work is whether the work could be accomplished through rescheduling of employee work hours and allowance of time off in the same work period. These factors reduce the burden of overtime on employees and avoid accrual of comp time and excessive overtime payments.

Overtime is based on the standards as prescribed by the Fair Labor Standards Act. Under the provisions of the Fair Labor Standards Act (FLSA), work hours in excess of 171 hours in a twenty-eight (28) day pay period is adopted for law enforcement personnel. Hours worked in excess of a standard work day or work week or duty tour by employees covered by the provisions of the Fair Labor Standards Act (FLSA) shall be compensated by payment at one and one-half (1 1/2) times the straight hourly equivalent rate for the classification or by the award of compensatory time off equal to one and one-half (1 1/2) times the overtime hours worked. The type of compensation made to employees (compensatory time or payment) is at the discretion of the department head. Hours worked shall only include hours actually worked on the County's behalf.

Exempt employees shall not accrue compensatory time nor be paid for overtime worked, except for those who have approved compensatory hours recorded prior to January 1, 2010 and they shall be allowed to take comp time off. *For a full copy of the Fair Labor Standards Act and its provisions, see the County Clerk.*

(b) Department heads shall maintain records in a form and manner approved by the County Commission on compensatory time earned by employees under their jurisdiction. No employee, except law enforcement personnel, shall be permitted to accumulate and retain more than 240 hours of compensatory time without the approval of the County Commission.

(1) Upon termination of employment, any employee who has accumulated compensatory time off shall be paid for unused time at the final regular rate received by such employee.

(2) Any overtime work which will result in an employee covered under the provisions of the FLSA accumulating compensatory time above the limits set out above, shall be compensated by payment at one and one half (1 1/2) times the straight hourly equivalent rate for the employees classification. Payment for hours accumulated over the maximum 240 hours compensatory time will be included on the monthly paycheck.

(3) All departments are encouraged to utilize compensatory time in lieu of paying overtime. The departments shall make every effort to avoid either by the proper scheduling of the employees.

(4) The period of work which will be used for ascertaining whether or not time worked is overtime will be determined by reference to the FLSA.

(5) All compensatory time exceeding forty (40) hours as of close of business on the last business day of November will be paid to the employee at the next payroll period. Compensatory time shall be computed at one and one-half (1 1/2) time of actual hours worked. The employee may elect, in writing, to have all accumulated compensatory time paid at that time as well, should he or she so choose.

(c) Department heads may require, out of necessity for the expeditious conduct of public business or for the protection of the public business or for protection of the public health, safety, or welfare that an employee work overtime. Failure to comply with such requests shall constitute a violation of these rules and regulations and provide grounds for disciplinary action as herein provided.

(d) Law enforcement officials must work more than 168 hours in a 28-day period to be eligible for compensatory time or overtime pay. Law enforcement officials working between 168 to 170 hours in a 28-day period will earn straight time or pay. All hours worked beyond 171 hours will be compiled at 1.5 times the number of hours worked beyond the limit. The Sheriff retains the right to determine how hours worked beyond the limit of 171 hours will be compensated (either by overtime pay or compensatory hours). Law enforcement officials shall be able to accrue up to 480 hours in compensatory time.

(e) It is the County's intention that this policy manual be in accordance with and in compliance with the Fair Labor Standards Act (FLSA). If any provision in this policy is not congruent with the FLSA then the terms of the FLSA shall supersede and apply.

Section 6-3 Call-back Time

Employees who have left their normal workplace and who are called back to work shall be credited for actual time worked. Employees shall accumulate time from the time they begin to perform services for the County until they complete the services or are relieved from duty.

Section 6-4 Emergency alert duty status

A department head or duly authorized department head may designate an emergency alert duty status whereby employees would be immediately contacted by telephone or other acceptable means of communication. This duty status shall normally be limited to off-duty hours between regularly scheduled shifts or weekends.

Employees shall not receive pay for this duty status unless they are required to report for duty. Compensation upon reporting for service shall be in accord with FLSA and department rules and regulations.

Section 6-5 Pay day

Pay day shall be on the last working day of the month. Elected officials and department heads shall provide timesheets for each full time employee and part-time employee, signed by both the employee and supervisor, to the County Clerk's office by a date designated by the County Clerk. Each timesheet shall accurately reflect any sick leave and/or vacation time taken or accrued that month or the prior month if the prior month's timesheet requires adjustment. The County Clerk shall provide on an annual basis a calendar which outlines the dates on which timesheets are due.

Section 6-6 Compensation for leave taken and hours worked above the work schedule

Notwithstanding any provisions contained herein to the contrary, all approved and taken leave hours based on departmental schedules, and hours actually worked within a pay period shall be compensated with pay or compensatory time off. Determination of the rate, straight time or overtime, at which they will be compensated shall be determined according to Section 6-2.

ARTICLE 7 WORK SCHEDULES AND ATTENDANCE

Section 7-1 Regular working hours and exceptions

The normal office workday will be from 8:00 a.m. to 4:30 p.m. with one-half hour for lunch, Monday through Friday, with the exception of law enforcement and 911 departments. Road and Bridge Department normal hours will be from 7:00 a.m. to 3:30 p.m. with one-half hour for lunch.

Lunch will be one-half hour normally from 12:00 noon until 12:30 p.m. However, individual lunch time may be adjusted by the elected officeholder if the office remains open during lunch to serve the public. Offices with more than one staff member are asked to make every effort to arrange the lunch schedule so the office remains open for business during the noon to 1pm hour.

The standard work week for full-time employees of Osage County shall be forty (40) hours. The work schedules may be modified or adjusted as needed by the elected officeholder/department head to meet the specific needs of a particular office or department of the County. The work week commences at 12:00 a.m. on Sunday and ends at 11:59 p.m. on Saturday. Certain departments have duties that demand work schedules other than the standard. Those departments are authorized to write an addendum to this manual. All such special rules must be approved by the Commission.

The work period of the Sheriff's Department is 28 days. This work period is different than other employees because the Sheriff's department falls under the 171 hour/28 day ruling of the FLSA. (Federal Register - 1/87, 29 CFR, Part 553).

Section 7-2 Work schedules determined by department head

The work schedules for employees shall be determined by the department head. Department heads shall maintain work schedules for all employees under their supervision on a current basis and give reasonable notice of changes in work schedules. Department heads will maintain scheduled manpower to provide essential services.

The elected official or department head may designate a person in a department head role within the department to coordinate work schedules.

Section 7-3 Required attendance

Regular and punctual attendance at work shall be required of all employees. Employees who fail to observe attendance requirements and procedures for recording and reporting of attendance shall be subject to disciplinary action.

Section 7-4 Inclement weather closings.

Annual leave may be taken during times of inclement weather if the employee should so choose. However, if the Commission closes the Courthouse and Annex Bldg, no annual leave will be lost by the employee. (This provision does not apply to necessary and emergency personnel).

ARTICLE 8 PAID HOLIDAYS AND PERSONAL DAYS

Section 8-1 Holidays and Personal Days

(a) All regular, full-time and part-time employees with benefits shall receive compensation for the following holidays:

New Year's Day	Independence Day
Martin Luther King's Birthday	Labor Day
Lincoln's Birthday	Columbus Day
President's Day	Veterans' Day
Truman's Birthday	Thanksgiving Day
Memorial Day	Christmas Day

If a holiday falls on Saturday, the preceding Friday will be observed. If the holiday falls on Sunday, the following Monday will be observed. In all other instances, the County shall observe an official holiday on the date it falls.

These holidays generally apply to all County employees with the exception of those employees who are involved in continuous operations (i.e., law enforcement and 911). The elected officeholder shall schedule personnel necessary to fulfill the mission of that office. The elected officeholder, at their discretion, shall give compensatory time to employees required to work on holidays or allow time off at another date. If a holiday occurs during or within an employee's vacation, sick or medical leave, time will not be charged to the employee's vacation, sick or medical leave time.

(b) The County Commission shall be the only body authorized to declare special holidays or days off as an unusual need or circumstance may occur.

ARTICLE 9 VACATION LEAVE

Section 9-1 Vacation Accrual

Full-time employees shall earn and accrue annual leave/vacation time as follows:

Completion of 1 year	40 hours
Completion of 2 years.....	80 hours
Completion of 3 years.....	88 hours
Completion of 4 years.....	96 hours
Completion of 5 years.....	104 hours
Completion of 6 thru 10 years	120 hours
Completion of 11 thru 15 years	144 hours
Completion of 16 thru 20 years	168 hours
Completion of 21 or more years	192 hours

A year shall be considered completed on the anniversary of the date the employee commenced current, full-time employment with the County. Annual Vacation Leave is awarded the day following the anniversary date.

Part-time employees shall not accrue annual leave.

If a full-time employee wishes to work part-time, this must be approved by the County Commissioners. If granted by the Commission, the employees' hourly rate will stay the same as they are currently being paid, but the employee will no longer be eligible for County benefits. Note: newly hired part-time employees will start at the County's part-time rate.

Probationary employees do not accrue annual leave. However, when a probationary employee becomes full-time without interruption of service, they may be credited with annual leave from the date of initial employment.

An employee shall not earn annual leave time during a period of leave without pay, unless otherwise required by law.

Section 9-2 Granting Annual Leave

- (a) Vacation leave may be granted after completion of twelve (12) months full-time continuous service. Vacation leave is granted the day following the anniversary date of employment.

- (b) Vacations should be scheduled a minimum of two (2) weeks in advance and preferably as far in advance as possible with the respective elected officeholder or department head. Certain departments have duties that demand schedules other than the

standard. Those departments are authorized to write an addendum to this manual. All such special rules must be approved by the Commission.

(c) Vacations shall be approved by the respective elected officeholder or department head.

(d) The elected officeholder has the authority to reschedule employees' vacation when necessary, for the efficient operation of that respective office.

(e) Preference when scheduling vacation time should be left up to the elected official or department head.

(f) Vacation leave shall be taken during the year following its accumulation.

(g) Maximum annual leave: The accrued annual leave for each employee shall be adjusted on the anniversary of employment, so that no employee begins the subsequent year of employment with more than five (5) annual leave days credit in excess of the current year's vacation. Any accrued annual leave days in excess of five (5) days, as of the day before the anniversary of employment, will be forfeited by the employee (to prevent build-up of large amounts of leave time). The only exceptions will be when workload prevents employee from taking vacation. In the case of the latter, an employee must use the additional leave within the six months following his or her anniversary date. If workload prevents the employee from taking vacation, vacation time will be extended upon approval of the department head. **Department heads shall keep records of vacation time accrued and vacation time used.** The employee has the responsibility to verify the accuracy of the vacation record.

(h) Compensation for annual leave: All full-time employees who permanently terminate employment under honorable conditions and comply with the provisions of these policies shall be eligible for payment of any unused annual leave.

(i) Annual leave may be taken during times of inclement weather if the employee should so choose. However, if the Commission closes the Courthouse and Annex Bldg, no annual leave will be lost by the employee. (This provision does not apply to necessary and emergency personnel).

Section 9-3 Payment upon separation

Any employee with benefits leaving the County service due to resignation, death or termination shall be compensated for vacation credit unused to the date of termination. To be eligible for such compensation, employees resigning from the County service must comply with the provisions of Section 13.1 of these rules governing resignations. In the event of separation due to death of the employee, compensation shall be made to the employee's beneficiary. No accrual shall occur after date of termination.

Section 9-4 Holidays occurring during vacation period

Any official holiday as set forth in these rules which may occur during an employee's scheduled vacation period shall not be counted as a day of vacation.

Section 9-5 Use of vacation leave

Vacation leave may be used for the purpose of sick leave if an employee has used all sick leave accrual.

Section 9-6 Vacation schedules

Department heads shall schedule vacation leave for employees. Such leave schedule shall take into consideration employee desires.

ARTICLE 10 SICK LEAVE

Section 10-1 Amount and When Taken

New employees must successfully complete 180 days or more satisfactory full-time employment to be eligible for Sick and Medical Leave.

All full-time employees on the payroll for an entire month (after having completed six months of employment) shall accrue sick and medical leave with pay at a rate of one day (8 hours) per month for continuous service. No Sick leave days are accrued during the initial six months. The first sick leave day (8 hours) is awarded upon completion of the seventh month of employment. Therefore, sick leave may be used, with pay, on the first day of the eighth month and thereafter.

Employees may use their sick and medical leave under the following conditions:

- (1) When the employee is unable to perform their duties because of illness, injury or disease.
- (2) When necessary to keep an appointment for medical or dental care.
- (3) When an employee has exposure to contagious diseases and other employees or the public may be endangered by contact with that employee.
- (4) When it becomes necessary for the employee to attend to an immediate family member (refer to Funeral Leave below) who is seriously ill.
- (5) For prenatal and post-natal care.
- (6) Death in family (Sick leave may be used to extend the period normally allowed for a death in the family. Refer to the section on Funeral Leave).

When taking sick or medical leave, the employee is responsible for notifying their elected officeholder or department head at or before the time they were expected to report to work. The employee will keep their elected officeholder or department head notified of any subsequent time taken off (by appropriately designating the time as sick leave on his or her time sheet). If the elected officeholder or department head does not receive this notification, the employee may be charged with unauthorized absence and sick leave with pay not allowed.

A written statement may be required by the elected officeholder or department head from a physician to confirm illness or injury of the employee or immediate family. If no statement from a physician is provided, the employee may be placed on leave without pay.

The intended use of sick or medical leave is for the concern of the employee's welfare and it is not an inherent right of the employee to abuse or to use this privilege as an excuse to be absent from work.

Some sick or medical leave may qualify the employee for specific entitlements under the Family and Medical Leave Act, described in section 5 below.

Sick leave shall not be granted in cases where regular retirement, disability retirement or long-term disability insurance has been approved.

Any authorized absence due to injury or illness covered by Workers' Compensation insurance shall not be charged against an employee's accrued sick leave.

In the event an employee is exposed as part of their work duties to any contagion or illness which results in a mandatory quarantine that is not covered by Workers' Compensation insurance, said employee shall be paid for lost time and that time shall not be deducted from their accrued sick leave.

Section 10-2 Accrual

A maximum of ninety (90) days accumulated sick and medical leave is allowed. Any credit in excess of ninety (90) days as of January 1 of each year will be forfeited by the employee. When an employee terminates employment or is terminated, all accumulated sick leave is forfeited. 90 days, stated above, shall be understood to be the same as 720 hours.

Sick leave does not accrue while the employee is absent from work without pay or is receiving benefits from Workers' Compensation, long-term disability insurance, or a retirement program sponsored by the County.

Section 10-3. Payment upon termination

Upon termination of employment, no compensation shall be paid to employee for accumulated sick leave.

ARTICLE 11 SPECIAL LEAVE

Section 11-1 Approval authority

A department head may approve requests for special leave as defined hereinafter in accordance with procedures established by the County Commission.

Section 11-2 Court leave

Full-time and part-time employees, with benefits, subpoenaed as a witness in a civil or criminal case as relates to their employment; or selected to serve on a jury; shall be granted paid leave during their absence. This shall not apply to deputies answering court related subpoenas for ongoing criminal cases. Employees will receive their regular pay and any mileage allowance. Jury duty pay will be turned over to the County.

Any deputy who becomes aware that he or she will be named as a respondent in a civil suit growing out of the deputy acting in an official capacity – whether on or off duty – shall immediately notify the Sheriff and the County Commission of this fact.

Section 11-3 Military training leave of absence

(a) All regular employees, who have met their introductory status, who are active members of the National Guard, the Officers' Reserve Corps, or the Enlisted Reserve Corps of the United States Government shall be entitled to leave of absence with pay from their respective duties for a period not to exceed a total of fifteen (15) calendar days in any one calendar year. An employee who participates in this paid leave may not receive a net amount greater than his or her regular rate of pay when he or she is on duty. Employees requesting this leave of absence shall provide documentation of the orders or authorization of competent authority for the time period for which military leave will be taken.

(b) All employees who are or may become active members of the National Guard, the Officers' Reserve Corps, or the Enlisted Reserve Corps of the United States Government who are required to attend monthly training sessions which conflict with their normal work schedules shall give advance notification to their department heads in accordance with departmental rules and regulations.

(c) All leave granted/taken and process followed will comply with the Uniformed Services Employment and Reemployment Act of 1994.

Section 11-4 Maternity leave

Maternity shall be treated as any other non-duty temporary disability covered under the rules pertaining to sick leave and family and medical leave. If at any time during pregnancy an employee is aware that her and/or her unborn child's health is endangered by her job, she shall immediately make this fact known in writing to her department head. At such times as deemed necessary by the department head, pregnant employees shall submit to their department head a doctor's statement indicating the employee's physical ability to

perform her job. Employees returning to work after childbirth shall submit to their department head a doctor's statement indicating the employee's physical ability to return to the job. The duration of maternity leave shall be determined by reference to the family and medical leave provisions of this Article.

Employees, who are not yet eligible for the family and medical leave act but have completed their introductory period, may request maternity leave. Maternity leave can be up to six (6) weeks leave time without pay. An employee may request maternity leave to be consistent with a physician's approval.

Section 11-5 Family and Medical Leave (FMLA)

A serious health condition is any illness, injury, impairment or physical or mental condition that involves inpatient care in a hospital, hospice or residential medical care facility or continuing treatment by a health-care provider.

Leave may also be available for eligible employees for military-related family and medical leave. Such leave is for up to twenty-six (26) weeks of unpaid leave during a year's period. A qualifying exigency means one or more of the following situations where an employee's spouse, child, or parent is on covered active duty or call to active duty status:

Employees may not use sick leave for FMLA leave taken for qualifying exigencies. Employees must use annual leave, compensatory time or leave without pay.

Employees on approved family or medical leave are allowed: 1) to continue group health and disability insurance during the leave on the same conditions as would have been provided if the employee had been continuously employed; and 2) to return to the prior job or an equivalent one in terms of salary, accrued benefits and other job conditions.

If leave is requested for a serious health condition, the employee must provide a certification from a health-care provider stating the medical facts regarding the condition, including its date of onset and probable duration.

If leave is requested to care for family members, a certification may be required to state that the employee is unable to perform the functions of the job, that the leave will assist in a family member's recovery, or that there is medical need for a reduced schedule.

Employees may be required to substitute accrued sick leave and vacation leave for any part of the twelve (12) week period to which they are entitled under the family and medical leave provisions. FMLA leave runs concurrently with sick leave, vacation, disability, workers compensation or any other paid leave.

The FMLA does not affect any other law prohibiting discrimination or supersede any law or collective bargaining agreement which that provides greater leave rights.

Benefits During Leave

Osage County will maintain your health insurance under its group health plan while you are on FMLA leave on the same terms as if you had continued to work. You are responsible for your portion of insurance premiums while you are on FMLA leave. If any premium payment is more than thirty days late, coverage will be lost during the period of the leave. Sexual harassment of employees is a serious matter and is prohibited in the work-place by any person and in any form. No department head, department head or other employee shall threaten or insinuate, either explicitly or implicitly, that an employee's refusal to submit to sexual advances will adversely affect the employee's employment, performance appraisal, wages, advancement, assigned duties, or any condition of employment or career development. Other sexually harassing conduct whether committed by department heads, department heads, or non-department head personnel is also prohibited. Such conduct includes but is not limited to: sexual actions, advances or propositions, verbal or written abuse of a sexual nature, or sexually degrading words used to describe an individual.

Any department head, department head, or other employee who is found, after appropriate investigation, to have discriminated against an employee or harassed any employee as prohibited in the preceding paragraphs shall be subject to appropriate disciplinary actions up to and including discharge.

It is the policy of the County to provide an environment free from unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communication constituting sexual harassment. The purpose of this policy is to establish clearly and unequivocally that the County prohibits sexual harassment by and of its employees.

Sexual harassment is misconduct which interferes with work productivity and deprives employees of the opportunity to work in an environment free of unsolicited and unwelcome sexual overtones. Sexual harassment includes all unwelcome sexual advances and sexually oriented communication, requests for sexual favors, and such other verbal or physical misconduct. Sexual harassment is a prohibited practice and in a violation of the law. The U. S. Equal Employment Opportunity Commission has issued guidelines interpreting Section 703 of Title VII of the Civil Rights Act prohibiting sexual harassment. The Missouri Commission on Human Rights has also issued regulations regarding sexual harassment under the Missouri Human Rights Act.

Sexual harassment is defined as follows;

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical misconduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual;
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

An aggrieved person should directly inform the person engaging in sexually harassing conduct or communication that such conduct or communication is offensive and must stop. If the aggrieved person does not wish to communicate directly with the person whose conduct or communication is offensive or if direct communication with the offending person has been ineffective, the aggrieved person should report the conduct or communication to any department head. If the department head is the offending person, the aggrieved person should report to the next higher level of management.

Regardless of the means selected for resolving the problem, the initiation of a complaint of sexual harassment will not adversely reflect on the person complaining nor will it affect the employee's employment, compensation or work assignments.

Employees are encouraged to use the County's grievance procedure to address sexual harassment problems.
